Cara Penggunaan

1. Letakkan Unit CovWatch pada tempat yang tepat. Pastikan unit monitor memiliki daya dan terisi.

Maksimal jarak antara meja unit monitor dengan tempat tidur pasien adalah 2 - 2,5 meter

2. Pasang gelang CovWatch berdasarkan kode yang tersedia kepada pasien lalu, kemudian hidupkan dengan cara menekan pada tempat layar bagian bawah sampai layar gelang menyala.

***Jika diperlukan dalam pemasangan gelang covwatch ke tangan pasien untuk di rekaman dengan menggunakan gambar pasien.

3. Tekan tombol "GUNAKAN" pada layar monitor CovWatch kemudian tekan OK. Setelah melakukan proses diatas maka muncul notifikasi pada Layar Monitor CovWatch "Monitoring Pasien Aktif".

4. **Hentikan Sementara** Proses ini bisa dilakukan ketika pasien selanjutnya tidak akan berganti kebeli atau selanjutnya tinggal di monitor CovWatch. Ketika ingin hentikan sementara Ma tombol HENTIKAN dan pilih "Hentikan Sementara". Jika pasien sudah berada di dekat aplikasi dan ingin menggunakan kembali klik "Urutkan Kembali".
